530mm Ø Extension tubes

The distance from roof to ceiling will determine the number of extension tubes required. Establish the distance from roof to ceiling (x in the picture below) and use the chart to calculate the quantity of extension tubes required. All tubes are 610mm long, made from super reflective (99.7%) Spectralight® Infinity.

	<p>Distance 'x'</p> <ul style="list-style-type: none"> up to 760mm (30") up to 1320mm (52") up to 1880mm (74") up to 2440mm (96") up to 3000mm (118") up to 3560mm (140") up to 4120mm (162") up to 4680mm (184") 	<p>Quantity of tubes required</p> <ul style="list-style-type: none"> 0 1 2 3 4 5 6 7 	 <p>Part number 300770</p>
